

# UriGard Disposable Floor Mats

### PROTECTS FLOORING AND GROUT

Urine splash results in stain, grout discoloration and urine deposit damage...at times even requiring costly floor replacement. UriGard Disposable Floor Mats, designed with super absorbent Trilex 20™ fibers, quickly wick away and encapsulate liquid to prevent this type of damage and greatly improve overall restroom appearance.

### HELPS REDUCE CROSS CONTAMINATION OF URINE

The UriGard Floor Mat is not a “step on” mat. It is custom engineered to avoid urine track off from the bottom of shoes onto carpeting and other floor surfaces in common areas of a building. The result is a cleaner, more hygienic environment.

### IMPROVES SAFETY

Wet floors and puddles in restrooms caused by urine splash around urinals and commodes are unsightly, unsanitary, unsafe and a constant source of odor. UriGard Disposable Floor Mats are perfectly sized to catch and contain all urine

splashes and drips, providing a drier, safer floor surface. SenFlex™ T440 bottom layer plus velcro strip guards against slipping or moving of the mat for continual correct positioning.

### FLAME RETARDANT

No fire hazard concern if cigarette or cigar ash falls onto mat.

### HOW LONG WILL A MAT LAST?

Length of service is dependent on the number of people using the restroom.

With normal traffic, each UriGard Mat should easily last two weeks. Actual in-use field testing showed many mats lasted three to four weeks before needing replacement. While UriGard Mats may be mopped over with a slightly wet mop, for maximum life span it is best to simply mop around mat or periodically remove UriGard Mat for total floor cleaning.

UriGard is a unique, one of a kind, disposable floor mat designed to address the problems and reduce the costs associated with urine splash and drips in restrooms.

UriGard U is perfectly sized for urinals. UriGard C is perfectly sized for commodes.

Featuring Spartan exclusive NABC® fresh scent fragrance.

## DISPOSABLE AND RECYCLABLE

UriGard Floor Mats are completely disposable. Unlike other floor mats that require pressure cleaning or "swap out", once the UriGard Floor Mat has reached its saturation point, simply pick it up and dispose of in a normal waste receptacle.

## REDUCES MAINTENANCE COSTS

Normal restroom maintenance requires multiple, labor intensive floor moppings, yet we still all see restrooms with floors that are wet, urine stained and that smell bad. UriGard Disposable Floor Mats make restroom maintenance easier and faster. They reduce the number of daily moppings normally needed to remove puddles and clean away urine drips and splashes. UriGard Disposable Floor Mats provide 24-hour a day Silent Service without costly labor.

## EXCLUSIVE NABC® FRAGRANCE PLUS PATENT PENDING NEUTRALIZING AGENT PROVIDES DEODORIZING PROPERTIES

UriGard's design incorporates Neutra Tech™, an impressive neutralizing agent, plus Spartan's widely recognized and highly popular NABC Fresh Scent fragrance. This unique combination fights urine odors and helps restrooms keep that "just cleaned" smell.

## TAKE THE "COMMON SCENTS" APPROACH

UriGard Disposable Floor Mats are the newest addition to Spartan's NABC Systems Approach to Cleaning, Disinfecting and Deodorizing restrooms. The System offers bulk and ready-to-use disinfectants, urinal screens/blocks/rim cages, aerosol and pump spray room deodorizers,

drip systems and much more... all featuring the exclusive and distinctive NABC fragrance.

## NEW TECHNOLOGY PATENTS PENDING!!!

Trilex 20™ revolutionary new micro-fiber

Neutra Tech™ odor neutralizing agent

SenFlex™ T440 anti-slip bottom surfaces

### Brand New Technologies! Patents Pending!
