

Tork Mechanical Hand Towel Roll Dispenser

High performance in heavy traffic

Reliability you
can count on

Tork Mechanical Hand Towel Roll Dispenser

You need an affordable dispenser that runs like clockwork. Introducing the Tork Mechanical Hand Towel Dispenser: the lasting solution for high-traffic areas, recently reengineered for optimal performance.

Best of all, it's a dispenser you never have to worry about – guaranteed to run well over 360,000 hand dries*, saving you time, money and hassle over its lifespan.

*Hand dries based on Essity's internal lab testing.

Works hard, runs easy.

Engineered to meet the demands of high-traffic environments, this upgraded dispenser runs smoothly for thousands and thousands of hand dries. And because it dispenses individual towels, it helps eliminate cross contamination in your busiest areas.

This workhorse also makes your life simple, requiring minimal effort for operation and maintenance. The dispenser is easy to load, with a translucent cover for quick refill checks. It needs no settings or batteries, and requires very little pull force to use effectively.

Rolls like clockwork.

Every feature is carefully designed for maximum reliability to keep your restrooms up and running. It works: a 10" towel is consistently available, ensuring your guests one towel, every time. This also allows you to control usage with precision, helping you reduce waste and save money.

Best of all, this dispenser is as durable as they come. It won't jam or break down, even after hundreds of thousands of hand dries – effortless for them, hassle-free for you.

Think ahead.

Tork Electronic Hand Towel Roll Dispenser

Performance you can count on

The hand towel dispenser that never quits.

Your restrooms should function like a well-oiled machine. Meet the new, single roll Tork Electronic Hand Towel Roll Dispenser that's engineered for demanding restrooms and work environments.

Durable and easy to maintain, it delivers a hygienic, efficient, stylish and seamless dispensing experience—all with a simple wave of the hand.

A worry-free experience.

Ready. Set. Install. Now sit back and let the Tork Electronic Hand Towel Roll Dispenser do all the work. It's designed to last in busy restrooms, so you can rest assured it always functions as smoothly as it did on day one.

The dispenser delivers up to 80 rolls of 1,000 foot toweling with recommended batteries*. And the sensor technology designed for the dispenser ensures a towel with each wave activation.

A hassle-free system.

While it's built to handle the pressures of everyday use, the Tork Electronic Hand Towel Roll Dispenser is also simple to clean and maintain. The paper roll index allows for quick and easy loading.

An intuitive, one-touch, control panel helps you manage the length of the hand towel at 10" or 18". It also offers On Demand Mode for patron-activated dispensing or Valet Mode for a ready-to-use hanging towel.

The translucent styling and a low battery indicator light allow your staff to see at a glance when it's time to refill or service. And hygienic, one-at-a-time dispensing encourages guests to only use as many hand towels as they need, helping you reduce waste and save on cost.
